**Inmate File of Antonio Martinez**  
**Special Report dated January 26, 2006**

LEE COUNTY SHERIFF'S DEPARTMENT  
SPECIAL REPORTSubject Iln Antonio Martinez Opelika, AL 1/26/06

To the Sheriff of Lee County:

I report the following taking a water bag from Iln  
Antonio Martinez which occurred at 3:30 o'clock  
this P M. at Lee County Detention Center (cell E1)

Below give full-particulars, together with name of principals and witness and their address

While taking an inmate to cell E1, I,  
ofc William Wiltsie, noticed a water bag tied to  
a mop handle inside Iln Antonio Martinez's cell.  
I told Iln Martinez to give me the mop and water  
bag. Martinez untied the laundry bag from around  
the mop handle and then pulled a plastic bag filled  
with water out of the laundry bag. I asked why  
he was lifting weights with his hernia problems. Martinez  
stated that he was trying to keep his heart pumping.  
Martinez was sweating and the veins in his arms  
were popping out as if he had just finished lifting  
the water bag. All items were taken out of the cell  
and Dyese Stewart was notified of what Martinez  
was doing. The bag weighed approximately 30 to 40 lbs.
